

OKO

Contracting Services Inc.

HEALTH , SAFETY AND ENVIRONMENTAL MANAGEMENT TRAINING

Our experience has expanded to conducting both practical and classroom training focusing on novice and experienced operators. Our capabilities include delivery of training in HSE and Materials, handling & equipment (MHE).

ABOUT TRAINING

Since 1996, we have engaged in training internationally across various sectors and countries in diverse working environments. Our HSE instruction courses have been globally conducted within the Oil and Gas sectors, encompassing logistical and engineering capacities.
